*Respectfully Dedicated*

*Class of '54*

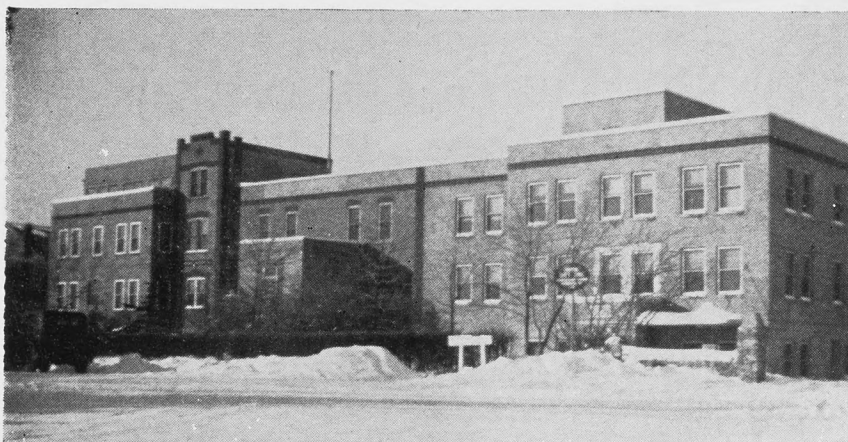

*“O stand by me, my God, in this truly important task;  
Grant me success! For—  
Without Thy loving counsel and support,  
Man can avail but naught.  
Inspire me with true love for this my art  
And for Thy creatures,  
O grant—  
That neither greed nor gain, nor thirst for fame,  
          nor vain ambition,  
May interfere with my activity.  
Grant energy unto both body and soul  
That I might e’er unhindered ready be,  
To mitigate the woes,  
Sustain and help  
The rich and poor, the good and bad, enemy and friend.  
O let me e’er behold in the afflicted and suffering,  
Only the human being.”*

*To the Graduating Class of 1954:*

Greetings and congratulations from The Alberta Conference Hospitals Board of the United Church of Canada!

Across the Dominion during these months elderly folk are telling young folk—graduate nurses—of the nobility of the profession which the graduates are about to enter, as graduates; glowing, stirring words which sometimes—not always—evoke a fitting response.

And yet, if one strips the nursing vocation of its appeal for devoted service, sympathetic understanding, subtle communication of the will to live, what remains?

In your careers as nurses, out in a world where the cynical often supplants the sincere, where the money reward frequently looms larger than the inner satisfactions, where the practical generally wins over the ideal, may you never cease “by the vision splendid to be on your way attended.”

Sincerely,

NELLES V. BUCHANAN,  
Chairman of the Board.

DR. M. A. R. YOUNG, M.D., C.M.,  
F.R.C.S. (C), F.A.C.S.

*To the Class of 1954:*

I wish to extend to all members of Class 1954 my sincere congratulations on this your Graduation Day. You chose the longer and harder way to learn the Art of Nursing. Let me assure you that in the years to come you will realize that you were wise. There is no short cut to knowledge and much that is not immediately practical is the foundation of a good education. Because you chose training of that nature is one reason I extend to you my best wishes.

On behalf of the Hospital may I say we appreciate all you have done during the past three years. Your Alma Mater hopes that you will have memories of appreciation, happy times, and satisfaction because of work well done. As you leave to captain your own boat, may the sailing be smooth and the ports of call rewarding. Cheerio.

MORLEY A. R. YOUNG.

DR. J. A. ALTON, M.B.

### *Dear Class of '54:*

Probably nothing too new in the way of advice to you. Here's a bit from one of your own textbooks. Keep it in mind. It may help you over some of the "Rough Spots."

"Whatever her precise role in the Medical enterprise, the professional nurse must be willing to assume, and be capable of accepting, an exceptional degree of responsibility. Opportunities greater than hers for the rendering of helpful and valuable service do not exist. Her integrity must be absolute. Industry, perseverance and patience are indispensable—and above all the quality of sympathy must be developed."

The best of wishes to you.

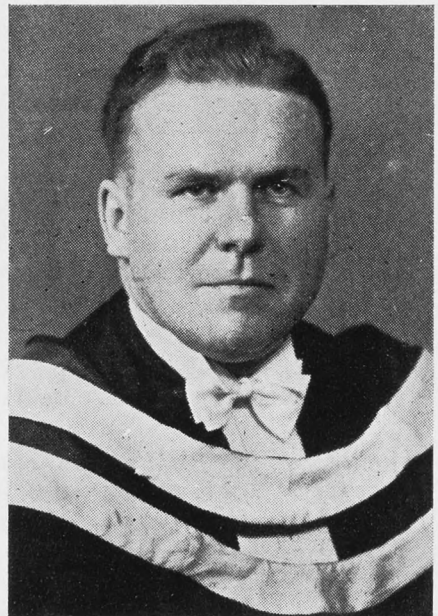

J. A. ALTON.

### *Dear Class of '54:*

It is usual in these messages to utter some rather lofty sentiments but I am merely going to wish you all good health and happiness and to hope that you have found your three years of training so well worth while that you will practise your profession for at least a few years before starting a career of marriage. The world needs the graduates of Archer Memorial Hospital.

Sincerely,

J. L. WEATHERILT.

DR. J. L. WEATHERILT

## *To the Class of '54:*

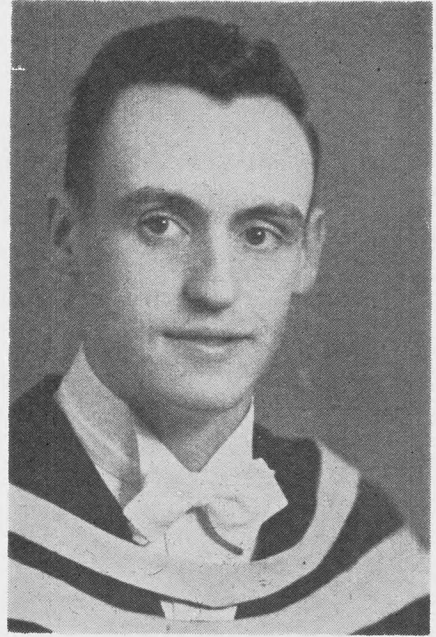

A poem by Charles C. Earle aptly expresses the message I would like to pass on to this year's graduating class and at the same time I would like to thank these faithful nurses for their:

### WORK

Work hard today and pray,  
Be resolute and say,  
"I will not fail in work of mine  
Though I must toil till bright stars shine  
And midnight falls".  
Tomorrow when the sun  
Shines on thy duty done,  
Thou wilt rejoice and gladly sing;  
To thee the task sweet peace will bring  
And rest complete.  
And finished work abides,  
Thy toil doth crystalize  
The thoughts of brain, thine acts of will,  
Thy very life continuing still,  
Beyond life's span. —*Charles E. Earle.*

During my short association with the Archer Memorial Hospital, I have appreciated working with you. I would like to take this opportunity of wishing you every success in your chosen career.

NORMAN G. GLEN.

As a newcomer to the Staff of Archer Memorial Hospital I feel honored in being asked to contribute some parting thought to the Graduating Class. I would express my appreciation of the many ways you have sought to be of service to my patients and to me. As you leave your training school for the wider area of service which belongs to the Registered Nurse, I feel sure you will reflect the excellent teaching and the high professional standards which have been instilled during your undergraduate days. Congratulations.

By now you are sure to have realized and appreciated the fact that no person other than Miss Young, could have guided you as well through your three years training.

Congratulations, and my sincere hope is that, in the future you will carry on in the same manner as you did when I took over the reins. I could not have wished for and received any better co-operation from you and all the students at A.M.H.

*To Class '54:*

At this time you have reached a goal for which you have worked a long time. Now is the time to set another goal for yourselves and to work for it. If you go through life with faith, hope and love, happiness is bound to come to you.

Best wishes for success in the coming years.

### *To Class '54*

My thoughts and best wishes will  
go with each and everyone of you.

E. M. McDONALD.

In future years when you look back  
On happy days just past,  
You'll marvel that these three short  
years  
Went by so very fast.  
But as you travel back in thought,  
You'll realize it's true  
These days in training  
Were just the start  
Of happiness for you!

Congratulations and Best Wishes.

The way to success is always an  
easy one—we have only to work a  
while, endure a while, believe a  
while, and never turn back. Remem-  
ber, nothing succeeds like success.

Success and best wishes to the  
Class of '54.

M. DAY.

Dear Class '54:

I think our profession is one of the best a girl can choose. There are patients all over the world, waiting for us. I hope you will try to help, as well you can, anywhere.

With my best wishes,  
I am yours,  
YOHANNA LEO, R.N.

Graduation, a memorable time of your life has suddenly crept up on you. Hold high the honour and place of the profession in which you are now established.

Congratulations.

R. WOOD, R.N.

No vision, and you perish;  
No ideal, and you're lost;  
Your heart must ever cherish  
Some faith at any cost.  
Some hope, some dream to cling to,  
Some rainbow in the sky,  
Some melody to sing to,  
Some service that is high.

Congratulations, Class '54.

T. KIMURA, R.N.

To Class '54:

You, the graduating class of '54, have passed another milestone on life's journey and we hope that the experiences of the past three years have strengthened and better fitted each of you for the future. With sincere wishes for your future success and happiness.

LAMONT CLINIC

To Class '54:

We watch you go forth from Archer Memorial taking with you the congratulations of many on your course completed, and also our prayers that your chosen vocation will be one of great satisfaction to you personally and of much benefit to your fellow man. You have chosen a service profession, and your training school is not merely one sponsored by the public as a public service, but one sponsored by a Church, attached to an institution with a long and honorable history. It is not merely service for service's sake that we hope you will give, but service with a Christian motive: "the cup of water given in My name." The following verses are from John Greenleaf Whittier's poem "The Healer", dedicated herewith to you:

*That healing gift He lends to them  
Who use it in His name;  
The power that filled His garment's hem  
Is evermore the same.*

*The paths of pain are thine. Go forth  
With patience, trust, and hope;  
The sufferings of a sin-sick earth  
Shall give thee ample scope.*

*That Good Physician liveth yet  
Thy guide and friend to be;  
The healer by Gennesaret  
Shall walk the rounds with thee.*

ERNEST NIX, B.A.

That cap the nurse on duty wears  
Is costlier than the bonnets gay  
Worn by the wives of millionaires  
Regardless of the price they pay.  
'Tis something she herself can make,  
A bit of linen, trimmed and turned  
The right to it (for heaven's sake)  
Was with three years of training earned.

That uniform of spotless white  
Was costlier than a lady's gown,  
'Twas bought with care by day and night  
For those with illness stricken down.  
The royal robes show royal birth  
But every nurse's simple pin  
Is emblematic of her worth;  
A symbol she has toiled to win.

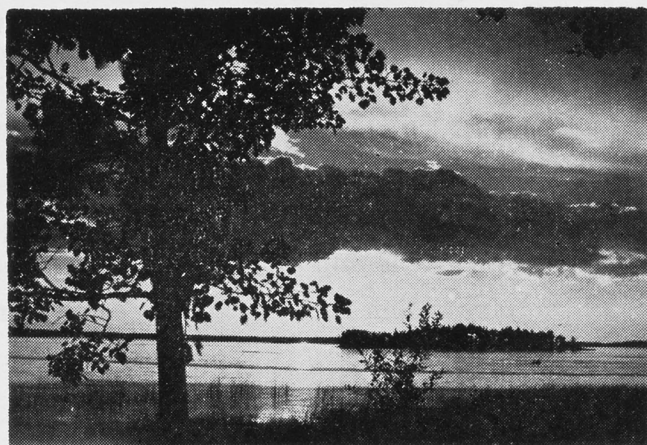

Oh gracious spirit, love imbued  
That can such tender care accord,  
Perhaps it is, that gratitude  
Must always be your best reward.  
Now out of gratitude appears  
This tribute, done in simple verse  
Unto the dedicated years  
Of all who choose to be a nurse.

Very best wishes for a happy and purposeful future.

## *Valedictory*

These past three years have been great years for history making events:

—a war in Korea was ended.

—a beloved reigning monarch, King George VI was laid to rest and his daughter was crowned sovereign of the British Empire to follow in her father's footsteps.

—in aviation it meant breaking the sound barrier.

—General Dwight D. Eisenhower was inaugurated as the 34th President of the United States.

—a General Election was conducted in Canada once again demonstrating the freedoms of democracy.

These events will be written in History books, to be placed in schools, colleges, universities, and other places of study to be read and learned by many members of succeeding generations.

For us—the members of this Graduating Class—the past three years will not only be remembered for historical events, but also for memories which will only be written in our minds and hearts. Memories reminding us of:

—the comradeship and friendship of which we have become a part.

—the work and the play which must be measured in equal quantity to assure success.

—the lectures and the training we received in order that we may wear the traditional white of our profession with pride and a "feeling of knowing".

—the supervision we received and needed while off and on duty.

—the little meaningless incidents which bring blushes and roars of laughter as they are discussed and relived.

These will never be forgotten by us as they mean our days in training.

Daniel Webster defines the word Valedictory as "bidding farewell." As we receive our diplomas and pins we are bidding farewell to our training days and are now standing on the threshold of a new and wonderful adventure. In order that we may begin something new—we must first finish something old.

Now a "Thank-you" to parents, friends, Doctors, instructresses, supervisors and classmates who, each in his own way, has given so much to make this our Graduation Day.

And may we always remember—"Every today well lived makes every yesterday a dream of happiness and every tomorrow a vision of hope."

I. UNDERSHULTZ.

### *Affiliation at Central Alberta Sanatorium*

This year our affiliation at the Central Alberta Sanatorium has been shortened to a six week course, which gave us even less time to acquaint ourselves with the patient care and staff. However our time spent there was enjoyed and well worth looking forward to.

We are very grateful to the instructress, Miss Wallace, for making our affiliation such a success.

We sincerely hope that the subsequent classes will be able to continue affiliating there.

G. CANN and R. LAFOY.

### *Affiliation at Isolation Ward*

#### *Royal Alexandra Hospital*

A new opportunity was given to us this year, four students were sent to the Isolation Ward for two weeks to assist in the Poliomyelitis epidemic.

We wish to express our appreciation to the staff and students who made this affiliation possible.

K. HONG and C. DOIGE.

### *Affiliation at Provincial Mental Hospital*

Our affiliation at Ponoka is looked forward to with great anticipation because we're entering a field of nursing which is entirely new to us. We go there feeling like "probies" and return with some knowledge of a psychiatric hospital and the great need for trained personnel. We felt at home, in a residence much different from our own and shared experiences with the P.M.H. staff who made us feel so much a part of their school. May our fellow affiliates enjoy this experience as we have.

K. STEINHAUER and E. R. McDONALD.

It has been estimated that the average nurse on duty walks twelve to fifteen miles in one day. —Canadian Nurse.

How about roller skates, Mr. Mutter, or bicycles like in Southern Rhodesia?

I (a) am still going out with little men.

We look up to Gail. When she is nowhere to be found we know that she is into no mischief but can be found in her room reading or listening to her favorite opera.

Lois is a friend to everyone. She spends her leisure time listening to Western Music on the radio.

#### MIRIAM HORN—Red Deer.

Miriam is our Class President. Our demure little blonde keeps the mailman hopping.

#### JOAN JOHNSTON—Grimshaw.

Our dark damsel from the north hailing from Grimshaw has a great affinity for cars. And we've decided she has a weakness for two-tone grey Hudsons.

#### RUTH MARIE KRIEGER—Fort Saskatchewan.

Our blonde bombshell from Fort Saskatchewan, has a winning smile and a sparkling personality.

## GRETA MacRAE—Peace River.

Greta is a mischief maker of class '56. We always know when she's up to something for her big brown eyes don't keep any secrets.

## ILA McCULLOUGH—Rimbey.

Ila is quiet and shy but with slight encouragement she's been known to play havoc with her classmates' pyjamas.

*Can You Imagine*

Metcalf sitting through class without having to be roused  
from dreamland.

McCullough giving up her ? ? ? exercises.

Wickner without Harvey and MacRae without her twins from  
Mars.

Johnston without a letter and a great big grin.

Wells without a tooth brush.

Gertie with anything where she can find it.

Krieger a brunette and sitting home at nights.

Farnell willingly listening to Curley's Corral.

Hall without a dozen different dates.

Poloway remaining at peace with Bill.

Ruteck having a temper tantrum and Horn without ten hours  
of sleep and Garth.

Remember when Dr. Gertie discharged a patient on her own, Miss Kimura came looking for suspected men on C-Ward, Horn found a bear?? in her bed, and Krieger swore off all men for life and when Herbert, that delicious onion, came to a sad end in the north east room in C Ward.

DR. DAVEY: I see it's Christmas in Central Supply again—

When you are working late and your special date is being entertained by a charming classmate.

Did you ever lose the narcotic keys?

When you have to spend your hours off checking old charts for that Tr. Camphor Co. We're sure it evaporates while being poured.

The day Ross couldn't find the D.K. keys. (and Richter had them in her pocket.)

The first time you scrub top in the O.R. and you seem to be blessed with two left hands and no fingers,—just thumbs.

When Dr. Young asks you to try sewing with the suture and needle you have prepared.

When you drop a basin on the tile floor in the O.R. while Dr. Alton is anesthetizing a patient and he says "Do it again lady!"

When you are walking down the hall with the doctor and your garter comes loose.

When you have no late leaves and the door has been locked at 9:58 p.m.

When you are alone in the Diet Kitchen with 27 trays to prepare.

When the D. K. staff has mislaid the menu.

When press time is almost upon us and the Year Book isn't ready.

Oh, well, these are the things that develop one's personality and 400 years from now it won't matter anymore.

## *Let's Look Back*

Lots and lots of corn on the cob was enthusiastically devoured on August 28 when the corn roast was held at Elk Island Park to "Welcome" Class of '56. Games and singing rounded out a pleasant evening.

One event Class '56 will probably long remember—yesiree, "Initiation." Some of the best snaps of the year were taken that week! Amid moans, groans and giggles Class '56 ATTEMPTED to find their mattresses, sheets, and personal belongings so that they might retire for the night. One sentence was vividly quoted "Wait till I find out who did this!!"—

One of the best parties of the term was the Hallowe'en Party put on by our Senior Class. There was oodles of fun all around that night. Anybody know who put the "Dr.'s Parking" sign on the Nurses Home steps? Hmm??

Through the kind donations of many friends a very successful auction sale was held in November. Proceeds went to redecorating the Rumpus Room.

December brought two main events—The Christmas Melody and the annual Christmas Party. This year we had the privilege of taking our Melody to the Oliver Mental Institute where it was very enthusiastically received. The Christmas Party was packed full of fun, with treats and presents for all. Jolly Santa came prancing in with his sack full of gifts.

On January 9, 1954, we welcomed thirteen preliminary student nurses into our fold as Juniors. Though the roads were in bad condition, many friends and relatives were present to see these girls receive their caps.

On January 22 Miss Davidson took the Intermediate Class on a tour of the Polio ward at the University Hospital and to the Cerebral Palsy Clinic. Time permitted some of us to visit the Aberhart Tuberculosis Sanatorium also. Never mind, girls, the three hour wait at the station did us good.

On February 9 the students and staff got together to welcome Miss Young's return after a much deserved leave of absence.

Our rumpus room and kitchenette boast a new coat of paint. That's not all—new furniture too. This is all attributed to the combined efforts of many.

Y. JOHANSON.

## *Banff Convention*

The A.A.R.N. annual convention was held in May, 1953 in Banff, a lovely place for any kind of gathering. Representatives from many fields of nursing gathered to discuss problems and nursing situations. Civil Defence and its importance was emphasized and emergency nursing procedures were demonstrated.

For student nurses, the highlight of the convention was a special meeting of delegates from schools of nursing, discussing problems in nursing education, student government, affiliations, etc. A very profitable tour was conducted of the Banff Springs Hospital. Plans for the organization of an Alberta Student Nurses' Association were drawn up in the form of a resolution under the direction of the A.A.R.N. We are hoping that this association will soon be functioning.

The Banff nurses planned a very enjoyable program of activities for our leisure time, including sight-seeing tours, trail rides and swimming.

A. PAGE and G. CANN.

## *June Convention*

After hearing the enthusiastic reports of last year's convention, our 1954 delegates to C.N.A., Britta Ross and Marion Scott are eagerly looking forward to the meeting to be held in Banff, June 7th to 12th.

## *Archer Memorial Lectureship*

In this day of rapid change, it is well to take time to remember those, who by their works and Christian example have made it possible for countless others to find encouragement and inspiration. Mrs. Rupert Buchanan of Montreal has made possible a lectureship, which is to be an annual memorial to her father, Albert Ernest Archer, O.B.E., M.B., F.R.C.S., LL.B., who was such a person in the medical world.

Mrs. Rupert Buchanan's main idea of this lectureship was to hold yearly programmes for further education of the student nurses of the training school.

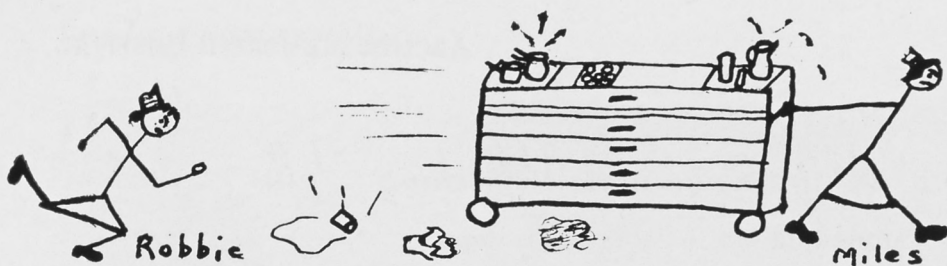

On the evening of August 26, 1953, a group of medical men, staff, student nurses and Alumni in the district of Lamont gathered at the hospital which Dr. Archer headed from 1912 till 1949. They came to hear the first lecture given by Miss Helen Penhale, Professor of Nursing and Director of the school at the University of Alberta Hospital, honoring his memory.

Miss Penhale's topic was the "International Congress of Nurses", held in Brazil last July. The highlight of the lectureship was the report on the Congress.

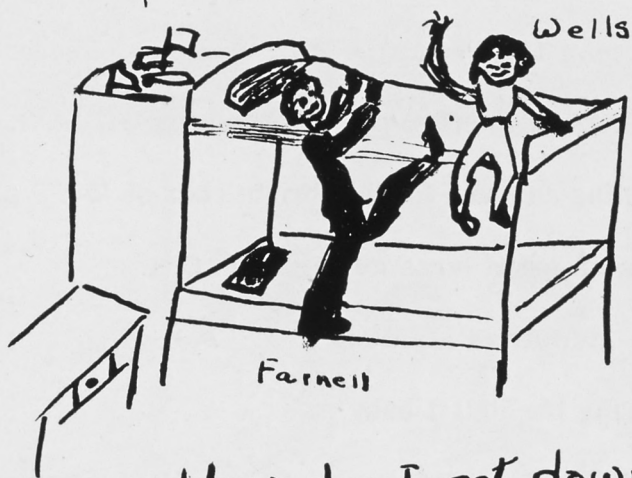

Miss Penhale's lecture was of fine order—humorous, factual and inspiring.

With permission of MRS. B. J. LOVE, R.N.

We are happy to report that in spite of several years of very little publicity, the ancient society of I Eta Pie is still flourishing and thriving on whatever is available. Such things as cookies from home, are most popular, but almost anything edible is made use of, and don't we show it!!

How do I get down?

## *The Gold Medal*

One of the most interesting and popular events of graduation time is the awarding of the Gold Medal for General Proficiency in nursing.

Each year at the exercises this splendid event is awaited with much excitement and breathless expectancy.

The Gold Medal is awarded to the nurse who has shown the most outstanding and unusual ability in her nursing during her three years.

The custom of giving this medal was started in 1927 during the regime of Miss Helen Rice, a beloved Superintendent of Nurses from 1924-1930. She died in 1942. It is indeed a fitting memorial to her work here.
